## Guideline

Before action, please join a WeChat group call “[小区邮编扫街行动小组](#)”。 Check with members and group organizer about if a postal code area is being worked on. To save our time and avoid annoying neighbourhood.

### Step 1: Getting a mailing list for your postal code

Following link can be used to get mailing list of a specific postal code:

<http://www.canadapost.ca/cpotools/apps/fpc/personal/findAnAddress?execution=e1s2>

Sample:

#### A1B 2C3

Building	#	Delivery Mode	Street Name	Suite	City	Prov.	Postal Code
	8-64 Even		SAMPLE CRES		MAPLE	ON	A1B 2C3
	9-49 odd		SAMPLE CRES		MAPLE	ON	A1B 2C3

### Step 2: Create a list of street number in the postal area to track your action before you start

Create a complete list of street number in the postal area, like below, in order to track your action.

From above website, you can get a list of even and odd number assigned to your postal code area.

# Parents Alliance Of Ontario

**Odd number: (put street name here if there 2 or more streets in the area.)**

Street number	Say WHAT?	Street number	Say WHAT?
9		31	
11		33	

**Even number:**

Street number	Say WHAT?	Street number	Say WHAT?
8		38	
10		40	

**Step 3: Print followings and take a binder, Go!**

1. Street number list created in step 2;
2. Petition form in the google shared drive folder;
3. The letter from a parent to Premier.

**Step 4: Put note on ‘Say What?’**

Since we are working on our neighbourhood, it is easy to begin the conversation. If necessary we can mention “**on behalf of Parents Alliance of Ontario**” (NOTE: don’t pronounce it as Aliens (异形))

In order to keep our result justice, we need to record both YES and NO. If someone supports the new curriculum, write a YES, just don’t bother them to sign.

Encourage people to sign as long as 14 year old, the signature is good.

**NO:** Say NO to the new curriculum;

**NO (PS):** the house say NO, it is very important to indicate the house owner’s kid(s) is (are) going to a public school;

**PICKUP:** to track the house where you leave the form and will go back and pick back up later;

**N/A:** never answer the door;

**No Comments:** the house owner doesn’t have time, or doesn’t want to involve, or simply don’t want to talk;

**YES:** We do need to record it like others, our purpose is to show the rightfulness and justice of investigation being conducted.

**No House:** There is no house on the site for a street number in the table.

**Step 5: Cross out the house number not existed.**

Before or during your door-by-door action, you may go thru the area, cross out the number not existed on the street. But leave it there. It proves that you have run the street.

It can be done at same time of next step.

**Step 6: put following number together for statistical purpose.**

Number of house on the street

Number of door opened

Number of families say NO

Number of families say YES

Number of persons or signatures say NO

Number of persons say YES

Number of families says NO and their kid go to public school

**Step 7: Share your result with me please.**

The best way is to send to my email: [chenzhaorancn@hotmail.com](mailto:chenzhaorancn@hotmail.com)

Please keep the signed petition form for collection later.
